

Blog of day 3

The 3rd day was Sunday and we were supposed to do something with our hosts.

Not all groups were doing something with their hosts because some families didn't have time to do something with the kids.

So the people who weren't doing anything went to the Pier and played a game. The teachers were sending us pictures from an object and we had to find it and take a picture with this thing. The team who had taken all pictures the fastest won and got an ice cream. After the game was finished we went to the Mall and did some shopping. After an hour we wanted to go back home with the bus. We went into the bus and drove home to our hosts. We spend the evening with our hosts.
