

Blog from the 8th March 2020.

That day was a Sunday and it was host day. That means that we did something with our host families. Some people went to the sea with their hosts, shopping or just stayed at home. But some people from our class were doing something with Mrs. Kerschdorfer and Mr. Prantner. Those people went down to the Pier. There we made a Photo-Rally. Boys vs. Girls. (Mrs. Kerschdorfer and Mr. Prantner sent us different pictures of different places and we had to take a picture of our group with that place.) The boys won because they were a little bit faster :(. After that we took some pictures and went to the shopping mall. There we were allowed to shop on our owns for about an hour. Then we drove back to our hosts with the bus (1A). There everyone made something with their hosts. (Meryem and I for example went to the Cheerleading-Show of the girl from our hosts, that was really cool.).....that was the day before our first school day.
