

Day 3

Today our hostfamily had`nt planned something with us so we went our other friends who`s hostparents didn`t do something with them that day. Mr. Prantner and Ms. Kerschdorfer lead us to the beach where our feet got wet because we played nearby the sea. Shortly after it began to rain (what made the wet shoes not more comfortable) and we had to search for a dry place. After that we went to the arcade hall, where we all changed our paper into 5 pence coins. Later we made a scavenger hunt. Then we went to the shopping centre where we ate an Americanstyle Pizza at Dominos. When we gathered Luis had some really disgusting "sweets" which he gave to everyone of us it hurt just to eat them. tThen we took the busdrive home.
