

Day 3: We got up in the morning and went to Ratton School, where we met to do a trip through Eastbourne. It took us about 1h to reach the Eastbourne Pier. There were big waves at the ocean. We did some games on the Gambling machines and enjoyed the smell of the water. We did a Rallye and had lots of fun. After that, we went into the Town and went into the shopping centre. I brought a very sour candy, which let my head nearly explode. We went to our families and had a delicious dinner.
