

Eastbourne 3A Day 3

On Sunday the 8th March 2020, we had to do something with our host-family. If your family wasn't going to do anything then, we had to meet our teachers next to the "Ratton School" and they took us to the beach. We spend the morning until we eat on the beach. We all eat over there and play with the waves from the see, it was really fun. After we eat, the teachers organized a game around the beach, but before we went to an arcade. The game was that the teachers sent us photos and we had to find that place and take a picture. The first one to take the last picture won an ice. After we finished that we went to the Mall we had one hour to buy anything we wanted to. After we were finish, we took the bus, it was a double bus. We were going home but we got lost. It was a really interesting day.
